

A solitary spectator waits in vain for the start of Wycombe Wanderers' league match against Barking at a snow-covered Lookes Park on Saturday. The match was postponed as was the Blues' County Senior Cup-tie against Maidenhead on Tuesday night.

Upheaval as six FA Cup stars leave

NO non-league club can have undergone such a rapid change in fortunes as Blyth Spartans.

At the start of last season crowds were falling, a new inexperienced manager had just been appointed and they had to rebuild an ageing squad.

A year later they had made a record profit, gained an international reputation for their FA Cup run and won three trophies.

But how quickly fortunes change. For in the last two months Blyth have lost their manager, star player and several of their FA Cup squad of last season.

However, Wycombe fans can't look forward to the third round of the Trophy yet — Spartans are still packed with experience, skill, determination and the will to win.

FAIRY TALE

Last season was a fairy tale for Blyth. They captured the imagination of the country during their FA Cup run. They knocked out league sides Chesterfield and Stoke City and top non-league team Enfield.

They were eventually knocked out in the fifth round replay by Wrexham in front of a full house at Newcastle United's ground by 2-1.

The cup run brought Spar-

tans glory and a profit of £50,000.

They went on to defeat Wrexham in the Debenhams Cup Final and also won the Northumberland Senior Cup and Northern League Cup. Spartans were runners-up in the Northern League and were its top goalscorers.

The former Blyth striker, Brian Slane, who took over as manager at the start of the season could not have had a better start to his managerial career.

RESIGNED

But Slane resigned six weeks ago because running the club was putting too much strain on his business and personal life. His place has been taken by the club coach and former manager, Jack Marks.

Blyth's star player, striker Alan Shoulder, was snapped up by Newcastle United for £10,000 after scoring twice against York City in this season's FA Cup first round. Altogether six of last season's FA Cup heroes have left the club.

But despite all this Spartans are still second in the Northern League and are a formidable side.

With Blyth's long Cup fighting tradition Wanderers will have to be at their very best if they hope to win or draw at Croft Park, Blyth.
